General Insurance Level 1

Alberta Insurance Council

March 2021

Alberta Insurance Council

Curriculum Design Document for General Insurance Brokers

License Levels

The Alberta Insurance Council is proposing three levels of general insurance broker license.

Level 1 Broker: In an average Canadian brokerage and/or agency, this person would primarily work in the office in the role of front counter customer service representative. Other duties would be to work in a support role for Level 2 and Level 3 brokers in the office. This person would be supervised by a Level 2 or Level 3 broker.

Level 2 Broker: In an average Canadian brokerage and/or agency, this person would work as a producer of new business and manage existing business. In addition to personal lines insurance, this person would be involved in commercial or specialty lines of insurance or both. While a Level 3 is ultimately responsible for the overall management and supervision of a brokerage, a Level 2 certificate holder can undertake various management and supervisory responsibilities and can act without supervision.

Level 3 Broker: In an average Canadian brokerage and/or agency, this person would have a broad technical insurance knowledge and may act in the capacity of a manager or operator of a brokerage firm.

Skills Levels

Throughout the Curriculum Design Document there will be references to skill levels as either Basic, Intermediate or Advanced. To ensure consistency with established learning principles, “Blooms Taxonomy of Educational Objectives” was referenced in developing definitions for each skill as follows:

Bloom’s Levels 1 and 2 - Basic Skills

A basic skill level in a particular area would require the broker/agent to have **Knowledge and Comprehension** of that particular area.

Definition of Knowledge: The broker/agent recalls or recognized information, ideas, and principles in the approximate form in which they were learned.

Alberta Insurance Council

Curriculum Design Document for General Insurance Brokers

Definition of Comprehension: The broker/agent understands, translates, or interprets (explains or summarizes) information based on prior learning.

Bloom Levels 3 and 4 - Intermediate Skills

An intermediate skill level in a particular area would require the broker/agent to be able to **Apply and Analyze** the knowledge and comprehension of that particular area.

Definition of Application: The broker/agent selects transfers, and uses data and principles to complete a problem or task with a minimum of direction.

Definition of Analysis: The broker/agent distinguishes, classifies, and relates the assumptions, hypotheses, evidence, or structure of a statement or question.

Bloom Levels 5 and 6 - Advanced Skills

A broker/agent with an advanced skill level in a particular area must be able to **Synthesize and Evaluate** the knowledge and comprehension of that particular area.

Definition of Synthesis: The broker/agent originates, integrates, and combines ideas into a product, plan or proposal that is new to him or her.

Definition of Evaluation: The broker/agent appraises, assesses, or critiques on a basis of specific standards or criteria.

Module	Page	Level 1
Module 1. Technical Skills & Risk Management	9 - 19	1.1 – 6.11
Module 2. Ethics & Professionalism	20	7.1 – 7.6
Module 3. Industry Knowledge	21 - 23	8.1 – 9.11

Technical Skills and Risk Management: Broker Level 1, Module 1

ID number and ability objective: 1. Property Insurance

Define and apply the principles and use of property insurance.

Measurable objective and skill level		
Basic	Intermediate	Advanced
<p>1. Property Insurance 1.1 Commercial Property 1.1.1 Fundamental Principles Ability to identify a commercial exposure; define types of insured e.g. sole proprietorship, corporation, partnership; demonstrate comprehension of the structure of co-insurance clauses including basic calculations.</p> <p>1.1.2 Policy Structure - ability to understand the Perils and Broad Form policies; ability to understand what co-insurance is and how it works</p> <p>1.1.3 Building Coverage – ability to identify what types of property would be covered under building coverage</p> <p>1.1.4 Stock Coverage - ability to identify what types of property would be covered under stock coverage</p> <p>1.1.5 Equipment Coverage - ability to identify what types of property would be covered under equipment coverage</p>	<p>1. Property Insurance 1.3 Personal Property 1.3.1 Fundamental Principles Ability to define and demonstrate what types of coverages are included as personal property – e.g. tenant’s, homeowner’s, mobile home, condominium, seasonal; demonstrate ability to accurately and fully complete a homeowner’s application form; demonstrate ability to understand and explain the purpose/intent of statutory and additional conditions; demonstrate ability and define the following:</p> <ul style="list-style-type: none"> • why a coverage would be identified as commercial or personal • define a commercial exposure • define exclusions • define the differences among basic, broad, and comprehensive; demonstrate an understanding of insurance terminology - actual cash value to replacement cost; define and demonstrate understanding of who can be an “insured” under a policy 	

Technical Skills and Risk Management: Broker Level 1, Module 1

ID number and ability objective: 1. Property Insurance

Define and apply the principles and use of property insurance.

Measurable objective and skill level		
Basic	Intermediate	Advanced
<p>1. Property Insurance</p> <p>1.1 Commercial Property</p> <p>1.1.6 Business Interruption – ability to identify what business interruption insurance is and how it could assist a business that suffers a loss while being rebuilt or restored</p> <p>1.1.7 Casualty Coverages – ability to identify what casualty insurance is e.g. bodily and personal injury</p> <p>1.1.8 Crime – ability to identify the criminal acts that are usually covered under a commercial property insurance policy and to recognize the need for other coverages to be insured e.g. safe, employee dishonesty, theft.</p> <p>1.1.9 Boiler & Machinery – ability to identify these exclusions that appear in commercial property insurance policies and know that additional insurance coverage must be made to insure against losses caused by boiler & machinery</p>	<p>1. Property Insurance</p> <p>1.3 Personal Property</p> <p>1.3.2 Policy Structure – ability to demonstrate and apply knowledge of the components of the IBC (Insurance Bureau of Canada) wordings regarding personal property policy, e.g. common definitions, deductible clause, Coverages A – dwelling building, B - detached private structures, C – personal property including on & off premises, special limits, extension of coverage, D - additional living expense and fair rental value, Basis of claim payment, E – personal liability to include compensatory damages, supplementary payments, notice, requirements of insured, F – voluntary medical payments, G – voluntary property damage, exclusions</p> <p>1.3.3 Tenant Insurance - demonstrate knowledge and the ability to recommend appropriate tenant insurance policy including perils insured and coverages e.g. all risks, legal liability, contents, improvements and betterments, comprehensive personal liability; demonstrate knowledge and the use of all tenant insurance forms</p>	

Technical Skills and Risk Management: Broker

Level 1, Module 1

ID number and ability objective: 1. Property Insurance

Define and apply the principles and use of property insurance.

Measurable objective and skill level		
Basic	Intermediate	Advanced
<p>1. Property Insurance</p> <p>1.1 Commercial Property</p> <p>1.1.10 Specialized Forms (Contractors, Garage) -ability to identify the need for and when and who is responsible for purchasing contractors insurance</p> <p>1. Property Insurance</p> <p>1.2 Other Commercial Coverages</p> <p>1.2.1 Surety- identify what surety coverage is and when it could be required e.g. types of licenses, bonded warehouses, executors of estates.</p> <p>1.2.2 Marine- ability to identify what property is covered under ocean marine policies.</p>	<p>1. Property Insurance</p> <p>1.3 Personal Property</p> <p>1.3.4 Homeowners Insurance – demonstrate knowledge and ability to recommend appropriate homeowners’ policies including the named perils form, basic form, broad form and comprehensive form, define and demonstrate knowledge of what types of risks are covered under a basic, broad and comprehensive form; demonstrate and apply knowledge with respect to inflation protection, guaranteed replacement cost, guaranteed replacement cost vs ACV, guaranteed replacement costs vs replacement cost, single limit endorsement, requirement to notify for alterations and renovations, exclusions (re: water losses, vacancy, under construction, by-laws) fire department charges, floaters; demonstrate and apply knowledge common definitions and types of construction; demonstrate knowledge and the use of all home owner insurance forms</p>	

Technical Skills and Risk Management: Broker Level 1, Module 1

ID number and ability objective: 1. Property Insurance

Define and apply the principles and use of property insurance.

Measurable objective and skill level		
Basic	Intermediate	Advanced
	<p>1. Property Insurance</p> <p>1.3 Personal Property</p> <p>1.3.5 Condominium Insurance – demonstrate knowledge and ability to recommend appropriate condominium coverage including what is insured by the condominium corporation and what needs to be insured by the unit holder, what endorsements may be added to the policy e.g.U1 unit improvements and betterments, U3 contingency, U2 loss assessment common areas; define bare land vs standard condo, demonstrate knowledge of loss assessment and unit additional protection</p> <p>1.3.6 Farm Insurance– demonstrate and apply knowledge of farm insurance and when it should be recommended.</p> <p>1.3.7 Seasonal Insurance – demonstrate knowledge and ability to recommend appropriate seasonal and secondary residence coverages e.g. fire, extended coverages and electricity, one or more of burglary, vandalism or malicious acts, and glass for building and/or contents</p> <p>1.3.8 Endorsements – demonstrate knowledge and ability to recommend appropriate endorsements (floaters) and determining clients’ needs, e.g. personal articles, fine arts, tools, computers, guaranteed replacement cost, sewer back-up, flood, earthquake.</p> <p>1.3.9 Other (rented, mobile home) demonstrate knowledge and ability to recommend appropriate mobile home coverage (coverages A, B, C & D) and how it differs from basic homeowner’s policy e.g. exclusion for loss or damage occurring while moving mobile home building</p>	

Technical Skills and Risk Management: Broker Level 1, Module 1

ID number and ability objective: 2. Liability Insurance
Define and apply the principles of liability insurance

Measurable objective and skill level		
Basic	Intermediate	Advanced
<p>2. Liability Insurance 2.1 Commercial Lines 2.1.1 Fundamental Principles - ability to identify liability exposures; 2.1.2 Policy Structure – ability to identify the 2 types of commercial general liability policies e.g. Commercial General Liability Policy (Occurrence Form) and Commercial General Liability Policy (Claims Made Form). 2.1.3 Standard coverages – ability to identify common coverage options under a commercial liability policy e.g. commercial general, tenants’ legal, umbrella, garage, professional</p>	<p>2. Liability Insurance 2.2 Personal Lines 2.2.1 Fundamental Principles - demonstrate knowledge and ability to recommend appropriate types of coverages that are included for personal lines liability insurance; demonstrate knowledge and ability to recommend appropriate common liability concepts e.g. criminal law, common law, statute law, civil code, civil law. Civil law concepts include contract law, tort law including elements of a tort, types of tort, types of damages, negligence and basic legal precedents. 2.2.2 Policy structure - ability to demonstrate and apply knowledge of the components/structure of the personal liability policy e.g. (Sections E, F, G & H of Homeowners’ policies). 2.2.3 Standard coverages – demonstrate knowledge and ability to explain and recommend the standard coverages of a personal liability policy e.g. legal liability, voluntary medical payments, voluntary payment for damage to property, voluntary compensation for residence employees</p>	

Technical Skills and Risk Management: Broker Level 1, Module 1

ID number and ability objective: 3. Automobile Insurance
Define and apply the principles of automobile insurance

Measurable objective and skill level		
Basic	Intermediate	Advanced
<p>3. Automobile Insurance</p> <p>3.1 Commercial Automobile</p> <p>3.1.1 Fundamental principles: understand the various commercial automobile forms.</p> <p>3.1.2 Policy Structure – understand the components of the commercial automobile policies (Standard Automobile Policy) SPF #1, (Standard Garage Policy) SPF #4, (Non-owned automobile Policy) SPF #6 & (Transportation Network Policy) SPF #9</p> <p>3.1.3 Standard Coverages define the differences among SPF, SPF #1, SPF #4, SPF #6 and SPF #9</p> <p>3.1.4 Endorsements – define various endorsements available for use with a fleet policy, 21A, 21B, SEF #4, #5,# 6 series, SEF #8, #27, #28, #30, #30a, #31, #40; understand the various endorsements available for use with a garage policy, SEF # 71 - Excluding Owned Automobiles, SEF # 73 - Excluding Financed Automobiles, SEF #74 and #75 - Open Lot Pilferage (owned automobiles and customers' automobiles), SEF #76 - Additional Insureds, SEF #77 - Comprehensive Coverage for Customers' Automobiles, SEF #80 - Physical Damage Coverage for Specified Owned Automobiles</p>	<p>3. Automobile Insurance</p> <p>3.2 Personal Automobile</p> <p>3.2.1 Fundamental principles - demonstrate knowledge and ability to explain SPF#1 (Standard Auto Policy); demonstrate knowledge and ability to explain the importance of accurate collection of information to complete an application e.g. driver information, claims experience, vehicle use, annual driving distance, special/customized equipment; demonstrate the ability to apply this knowledge for binding authority, underwriting decisions and the use of ratings</p> <p>3.2.2 Policy Structure - ability to apply knowledge of the components of the personal automobile policy (Section A, B & C) Demonstrate and apply knowledge with respect to definitions of insureds, auto /grid, All Comers rule, rented or leased automobiles</p> <p>3.2.3 Standard Coverages - demonstrate knowledge and ability to explain the coverage under - a standard automobile policy (SPF #1) e.g. Section A Third Party Liability, Section B Accident Benefits, Section C Loss of or Damage to Insured Automobile, Section D Uninsured Automobile;</p>
